

## Supplemental coding services from Solventum

- Get relief from the strain of backlogs and temporary or permanent staffing shortages
- Maintain consistent coding quality during ongoing initiatives, such as new system implementations and staffing disruptions
- Add fully qualified and credentialed outsourced coding professionals to your staff

### The challenge

Tired of working overtime because of staffing shortages and vacations? Wondering how long it's going to take to fill that empty position or dig out from under a backlog? Solventum can help.

### Coding professionals to meet your needs

At Solventum, we provide part-time, full-time and permanent outsourced coding professionals to help you meet your needs. Our coding professionals are available for inpatient, ambulatory and physician practices, either onsite or at remote locations (domestic and international), but always with state-of-the-art, secure systems.

These experienced, credentialed coding professionals meet strict quality assurance requirements and program performance goals that measure both productivity and accuracy. We work with you to develop goals to fit your needs, timetable and expectations.

Solventum can help your organization perform coding audits designed to help you maintain current compliance. We work with you to address coder shortages today and maintain productivity benchmarks going forward.

Our coding professionals can assist with the following:

#### Hospital-based

- Inpatient
- Outpatient surgery
- Emergency/urgent care
- Psych/rehab/long-term care
- Facility evaluation and management (E&M)
- POA assignment
- Discharge disposition assignment
- Outpatient ancillary coding
- Utilization of encoder and billing systems

#### Physician-based

- E&M
- Inpatient
- Office clinics
- Emergency/urgent care

## Benefits of using Solventum's supplemental coding services:

- ✓ Gives you the staffing flexibility to meet coding and bill drop goals
- ✓ Delivers consistent, on-time completion of coding activities
- ✓ Compensates for staffing shortages, turnover and facility space issues
- ✓ Helps reduce your facility's benefit expenses
- ✓ Saves time spent on managing and training staff

## Coding resources from the coding leader

For more than three decades, Solventum has delivered innovative software and consulting services to help organizations improve the quality and accuracy of their medical record coding and clinical documentation. We are experts in computer-assisted coding, natural language processing and ICD-10, as well as performance monitoring and quality reporting.
